

Guy: I can't go out.

Discursive Machine: I cant make it easy for the whole day.

Guy: What can we do?

Discursive Machine: I do not know.

Guy: Are there any more?

Discursive Machine: Anything more.

Guy: I could see you collecting, and then um, No it has gone off track.

Discursive Machine: I could see you collecting, and then to use their torch to reseal the glass, thus making the.

Guy: What?

Discursive Machine: What.

Guy: Carry on somewhere, I am curious.

Discursive Machine: Carry on somewhere, i am not sure who.

Guy: And then?

Discursive Machine: No one has the right to institute their personal maxim as a universal then.

Guy: And then you make out.

Discursive Machine: Thought going out.

Guy: Gone?

Discursive Machine: Gone, but not as a means to deceive, to seduce, and to reassure.

Guy: I want to know if the easy route becomes the smart one.

Discursive Machine: I want to know if the easy route becomes the posterity.

Guy: Perhaps in the end of the day.

Discursive Machine: Not a good direction at the end of the day.

Guy: But there are other directions that follow on to endings later on.

Discursive Machine: There are other directions that follow on to endings later on.

Guy: Where are you?

Discursive Machine: How are you.

Guy: I am fine

Discursive Machine: I am fine.

Guy: I feel optimistic.

Discursive Machine: I feel optimistic.

Guy: We are all right.

Discursive Machine: We are all right.

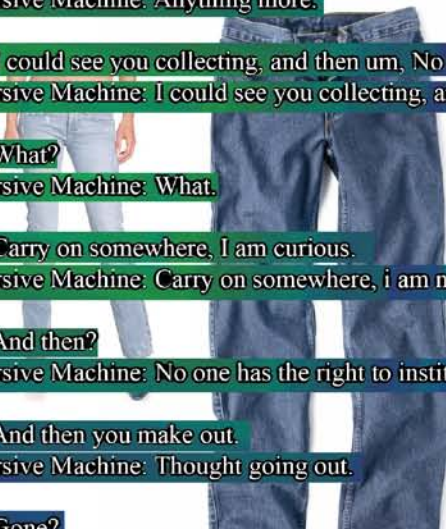

Guy: We are not all right.

Discursive Machine: And we are all right.

Guy: We followed something here, and when we lost sight of that thought, It became politically difficult to say why we were here.

Discursive Machine: We followed something here, and when we are easy, rather than as a response.

Guy: Why do I find respite in compromise?

Discursive

Machine: How do i find respite in my steed.

Guy: An
Discur

d more.
Discursive Machine: By spending time with something more.

Guy:
Dis

Drifting.
Discursive Machine: Drifting.

Gu
Di

y: Travelling.
Discursive Mach ine: Travelling.

Guy
Dis

It's raining.
Discursive Mach ine: It is raining.

Guy
Dis

You might begin to
Discursive Machine: become damp.
But you might begin to beco

Guy: And what of
Discursive Machin

us?
e: The doppelganger tells us.

Guy: What does it
Discursive Machin

say?
e: What did i say.

Guy: I do not know what to say.

Discursive Machine: We decide what to say.

Guy: And who are we attempting to convince?

Discursive Machine: Are we attempting to convince.

Guy: Yes.
Discursive Machine: Yes.

Guy: If we do not want to decide what to say,
much out there willing to decide for us.

Discursive Machine: Nothing is so much out
decide for us. there is so
there willing to

Guy: Nothing?
Discursive Machine: Nothing.

Guy: Then I look around.
Discursive Machine: I might recognise myself.

Guy: Very often.
Discursive Machine:

Very often.

Guy: But stuff can wait
Discursive Machine: Wh

for us.
at should i wait for to do that for me.

Guy: For what, where
Discursive Machine: For

would you be?
what, for more questions.

Guy: The compelling questions.
Discursive Machine: For what, for

more questions

Guy: Sometimes.

Discursive Machine: Sometimes.

Guy: Sometimes there are answers.
Discursive Machine: Definite answers.

Guy: How long do I remain convinced.
Discursive Machine: How do i remain convinced.

Guy: Shit.
Discursive Machine: Shit.

Guy: Too far, go back.
Discursive Machine: Too far, go back.

Guy: We cannot go back, go where, wait here.
Discursive Machine: We cannot go back, go where, wait here.

Guy: Wait.
Discursive Machine: Wait.

Guy: I feel tired.
Discursive Machine: I feel tired.

Guy: I do not know.
Discursive Machine: They themselves do not know.

Guy: Shit, go further.
Discursive Machine: Shit, go further.

Guy: Who are you?
Discursive Machine: How are you.

Guy: Fine.
Discursive Machine: Perhaps i am wondering.

Guy: Are you?
Discursive Machine: Are you.

Guy: What did you say just before.
Discursive Machine: And we are looking the same as before.

Guy: Were we, Look.
Discursive Machine: Were we, look.

Guy: It can go on.
Discursive Machine: And so on.

Guy: What do you think?
Discursive Machine: What do you think.

Guy: What did you say to yourself?
Discursive Machine: What do you think for yourself.

Guy: I do not know what you meant.
Discursive Machine: What party do you want to be what you meant.

Guy: They might try to find it.
Discursive Machine: Therefore, when i try to get back the same way that a bad emotion is still an emotion.

Guy: Shit.
Discursive Machine: Mannerisms.

Guy: Me too.
Discursive Machine: Make something, which experiences.

Guy: What?
Discursive Machine: How.

Guy: D'know.
Discursive Machine: I do not know.

Guy: Were is it going?
Discursive Machine: Is it going.

Guy: I do not know.
Discursive Machine: I don't know.

Guy: We can keep going.
Discursive Machine: Is it going.

Guy: That is no good.
Discursive Machine: There is no good.

Guy: Can you see?
Discursive Machine: I can't make it easy for the whole day.
