All numbers represent incidents reported to or obtained by NAF. Actual incidents are likely much higher. Tabulation of trespassing began in 1989 and tabulation of email harassment and hoax devices began in 2002.

1. Incidents recorded are those classified as such by the appropriate law enforcement agency. Incidents that were ruled inconclusive or accidental are not included.

2. Stalking is defined as the persistent following, threatening, and harassing of an abortion provider, staff member, or patient away from the clinic. Tabulation of stalking incidents began in 1993.

3. The 'number of arrests' represents the total number of arrests, not the total number of persons arrested. Many blockaders are arrested multiple times. * Through April 10.
